

2025 Race-by-race glance

Notes: The order and payouts of these races could change by race day, depending on the number of karters entered in each class. The minimum weight in each class equals kart plus driver. Weights cannot be below the minimum. For classes listing multiple weights and an *, there is a weight variance offered for different engines. Fast-lap times were first recorded in 1998. The course record is 31.084, by Austin Wilkins, Texas, in the '16 feature of the King of the Streets (125cc Open Shifter).
